To the user of the compactor containers  
 in the Glattpark

### Leaflet - waste disposal Glattpark

#### Household waste

There are 6 underfloor compactor containers for rubbish (see map). Official fee-paid refuse bags do not have to be used. However, it is not allowed to throw loose rubbish into the containers. Payment is made directly via the credit card terminal next to the station. Visa, Maestro, Mastercard (credit card or prepaid card) are accepted for payment. Prepaid cards can be obtained at the kiosk, a minimum credit of CHF 9.00 is mandatory. For every disposal process CHF 9.00 will be reserved on your credit card, but only the actual amount is going to be deducted definitely. The disposed trash will be weighed precisely and charged accordingly (CHF 0.36/kg).

**In case the disposal system is out of order, please use another disposal station.**

It is not necessary to report the failure; the system automatically generates an error message which is sent to a technician.

**IMPORTANT: Please do not dispose polystyrene foam**, this causes disturbances. Basically it is illegal to place any waste next to the disposal stations (exception: bulky items with bulky item stickers). Any violation will be pursued in accordance with the Waste Ordinance.

**Disposal station and instruction  
 Presscontainer**

#### Bulky items on Thursday

Combustible bulky items must be provided with bulky items stickers. Bulky items must be ready for collection next to the compactor containers on Thursday before 06:30 a.m., but earliest on Wednesday evening. Bulky items stickers can be obtained either at the city revenue services, at the disposal office or can be ordered online at [www.opfikon.ch](http://www.opfikon.ch).

#### Paper/Cardboard on certain Saturdays

Bundled cardboard and paper are collected on specific Saturdays according to the waste collection calendar. All waste collection dates can also be found on our website. Paper/cardboard must be placed next to the compactor container the evening before at the earliest, or before 8 a.m. on collection day at the latest. Any violation will be punished according to the Waste Ordinance.

## **Glass (packaging glass) / ALU / tinfoil**

There are underground collection stations for aluminium and glass at various locations in the city (see map in the waste collection calendar). Red or blue glass belongs in the green slot. Window glass, drinking glasses, vases or other objects made out of glass cannot be recycled and therefore do not belong in the collection. They must be brought to the disposal office "Im Rohr". The collection stations for aluminium and glass may only be used from Monday to Saturday 7 a.m to 8 p.m.

## **Textiles and shoes**

A collection container for textiles and shoes (good-condition and clean) can be found at Voisin-Strasse.

## **Public waste bins**

Public waste containers are designated for small waste that accumulates on site. They may not be used to dispose household waste or other large amounts of rubbish. Violations will be pursued and penalized.

## **Main collection point and second-hand goods store Im Rohr**

The disposal office "Im Rohr" at Rohrholzstrasse 53 is operated by the "Pischte". The "Pischte" is a work integration and employment programme run by the Platform Glattal association. Various materials can be disposed at the main collection point. For further information please refer to the waste collection calendar or [www.opfikon.ch](http://www.opfikon.ch). Opening hours of the main collection point: Monday to Friday from 2 p.m. to 5 p.m., Saturday from 8 a.m. to 12 a.m.

## **Violations / Illegal Disposal**

Any violation of the Waste Ordinance ([www.opfikon.ch](http://www.opfikon.ch)), such as incorrect providing or illegal deposit, will be pursued and a fee up to CHF 200.00 may be charged.

## **General information**

Further information can be found in the waste collection calendar or at [www.opfikon.ch](http://www.opfikon.ch).

Best regards
